Greetings,

We have received your contact information.

According to our records, the case is still under administrative process, and we will contact applicant when it is time for their cases to move forward.

Currently, we have a significant backlog of cases due to COVID-19 restrictions and the previous ordered departure status at the U.S. Embassy in Ethiopia. While we have fully resumed consular operations at this time, applicants will need to be patient and wait until their case has been reached. We will contact applicants when it is time for their cases to move forward.

Please do not send multiple inquiries regarding the same subject, even if you have not yet received a response. Thank you for your patience and understanding.

Note: - Applicant must check their account on <https://ais.usvisa-info.com> for status update before contacting the Consular Section. Failure to comply with procedures may result in processing delay.

Sincerely,

V92/93 Unit | U.S. Embassy Addis Ababa AddisV92-93@state.gov |

Thanks for sending this. It sounds like he just needs to wait for them to finish processing the visa and then they will contact him. He shouldn't email them anymore until they email him first.
